

Addendum to the Presidents Report

Dear Reader,

Thank you for your interest in the 2021-22 Scottish Squash Annual Report. It was written before the culmination of the Commonwealth Games in Birmingham last month.

After such a successful showing, it feels especially important to recognise the efforts of our team.

The selection of our athletes for the Commonwealth Games, after their outstanding performances at the World Doubles Championship, was exciting, and their performances at the games even more so.

Each member of the team deserves praise for the way that they represented their country. We saw examples of fair play, excellent squash and a wonderful team chemistry which undoubtedly contributed to the team's success.

It was pleasing to see the efforts of all involved rewarded with a bronze medal in the Men's Doubles for Greg Lobban and Rory Stewart. With close to a quarter of a century having passed since the last Commonwealth Games squash medal for Scotland, this was a moment of great celebration for all involved in squash in Scotland.

This team and our athletes should feel proud of their performances at the games. I continue to feel excited as I follow the progress of our talented squad beyond the Commonwealth Games to whatever the future holds.

Once again, I would like to extend my personal thanks to those that have helped in any way during my time as President and hope that you will continue to support Scottish Squash as my term comes to an end and a new Chair comes into the role.

Yours sincerely,

Mark Adderley
